May 2025 graduate seeking full-time opportunities in SDE and Web-Dev.

## Experience

### AbCoEdtech, SDE Intern | Nagpur

Jul 2023 - present

- Developed and deployed **Website** as an Intern, integrating **JS and CSS** to solve Ed-solutions
- We have implemented **SQL** based database and **React** in the development.
- As part of my internship at Acetech, a dynamic startup at the forefront of software education, I undertook a pivotal project aimed at the meticulous redesign of their course offerings.
- This initiative was driven by the company's strategic merger, presenting a unique opportunity to optimize and tailor their curriculum to the discerning preferences of diverse user groups.

### Acetech, Developer Intern

June 2023

- Throughout your internship, I worked closely with seasoned software developers, engaging in diverse projects that directly impact Acetech's affairs.
- Got insight into **PHP and framework**. Worked on the Student Management system for Acetech, which increased the efficiency of the database of Acetech

## Education

8.67/10 **B.TECH in Computer Science Engineering, G.H. Raisoni** | India

2021-25

96/100 **Hsc- 12th**, S.F.S Junior College | Maharashtra, India

2021

**Achievements:** Finalists @ Inter-School Tech-project (GH Raisoni, Nagpur)

**Courses:** Full Stack Development | Data Structure and Algorithm | PHP and it's Framework | Frontend Development

## Projects

### Abhyas

Dec 2021 - Jan 2022

Student Management System, Personal Project

- Developed a comprehensive student management system for an educational institution specializing in programming education and internship placements.
- The system is entirely PHP-based, incorporating **HTML, CSS, and JavaScript** components which contain more than 10 scripts.
- The project's source code can be accessed on GitHub at: <https://github.com/Abhishekk/student-management-sysytem>.

### Minor Degree Project

June 2023

Sports Scheduler, Personal Project

- Developed RESTful API web services utilizing Node.js, resulting in a reduction in response time and an increase in overall system efficiency.
- Managed and maintained PostgreSQL databases using pgAdmin, ensuring a data accuracy high rate and a better improvement in query optimization.
- Implemented **Git version control**, effectively collaborating with a team and leveraging **GitFlow**, resulting in a reduction in code conflicts and an increase in code integration efficiency.
- <https://github.com/Abhishekk/sports-scheduler>.

## Skills

**Programming** Python, C/C++, C, embedded C, Javascript, React, Matlab, Git, LaTeX, HTML, **Data structures and Algorithm**

**Soft Skills** Time Management, Problem-solving, Documentation, Engaging Presentation, Leadership, On-site coordination.

## Achievements

2021 **Additional Coordinate project tasks, and implement best practices to ensure timely delivery of high-quality web applications.**, Abcoedtech

India

2019 **94%**, MHTCET
